# HELPFUL RESOURCE FOR TEACHERS

## WHAT IS ONVU LEARNING?

---

ONVU Learning is a user-friendly 360-degree video lesson capture system designed to help teachers take charge of their professional development journey through reflection, collaboration, and analysis of teaching practice.

## HOW DOES IT WORK?

---

The platform is all about what works best for you and your development. You're in control, you record the lessons you choose. You get to decide whether to share them or keep them private.

Access your footage online, where you can zoom in, pan around, and make clips of

important moments to help you review.

Plus, you can tag key moments and leave comments on your teaching. The best part, you can securely share these with your coaches, mentors, and peers, or keep them for your review when it suits you.

## WHY ONVU LEARNING INSTEAD OF CONVENTIONAL PRACTICES?

---

The system is focused on capturing the holistic view of the classrooms for defined purposes. Hindsight is a wonderful thing, with ONVU Learning you can go back in time and review when it suits you with no judgement.

# HOW CAN ONVU LEARNING SUPPORT YOU?

---

1

## ENHANCED SELF-REFLECTION

The platform empowers you to engage in self-reflection. By closely observing your classroom practice, identifying what's working well and areas for improvement and thus enabling continuous growth in your professional career.

2

## PROFESSIONAL DEVELOPMENT SUPPORT

Engage in reflective practice, collaborate with peers, and thoroughly analyse teaching methods. How many times have you been asked a question by your coach or mentor that requires you to remember a lesson? Within the platform, there is the ability to create a clip or go back in the last 30 days and review any recording.

3

## 360-DEGREE CLASSROOM VIEW

The benefit from a comprehensive 360-degree view of the classroom, allows you to observe every corner with precision. Coupled with high-quality audio, it provides an in-depth understanding of the teaching environment, empowering you to make necessary adjustments for even more effective teaching

4

## COLLABORATION OPPORTUNITIES

Collaborating with colleagues to share teaching lessons and strategies creates a supportive and dynamic environment. By working together, you can pool knowledge, experiences, and ideas, resulting in a rich and diverse set of teaching strategies.

5

## EFFICIENT LESSON PLANNING

Have you ever struggled with how to begin your next lesson? Record the start of the lesson and compare it with the improvements that have been implemented. By doing this, you can try different tactics for adapting your teaching. The learning process continues seamlessly.

## FAQ'S

---

### ○ DO I HAVE CONTROL OVER THE SYSTEM?

You are in complete control. Our system records when you want it to, and you only share clips when you choose to.

### ○ WHO CAN VIEW MY RECORDINGS?

Unless you choose to share your recordings with other members of staff, leadership, or CPD leads any recordings you choose to take are for your eyes only.

[LEARN MORE](#)

### ○ HOW CAN I MEASURE MY SUCCESS?

ONVU Learning allows you to take ownership of your own CPD. In other words, you are in control of your success and self-reflection. Are you undertaking a CPD programme? Use ONVU Learning footage to help you understand the impact on your teaching and learning. Not currently in a training course?

### ○ DOES THIS MEAN THAT I WILL HAVE A CAMERA IN MY CLASSROOM?

It is about the size of a smoke sensor and is fixed to the ceiling. You are the only person who can access your lesson's recordings (unless you choose to share your clips) and therefore the first (and maybe only) person who will reflect on your teaching.

### ○ HOW DOES ONVU LEARNING ENSURE DATA PROTECTION ACT AND GDPR COMPLIANCE?

At ONVU Learning, we take security seriously. Recorded footage is only accessible to specific users who are added by an authorised Administrator from educational institutions. We process data for our customers, mainly schools, who are carrying out a public task as part of their statutory duty. We also have a legitimate interest in processing data while fulfilling a contract. Therefore, we recommend that our customers conduct a data protection impact assessment (DPIA) and engage in appropriate consultation with affected parties.
